# Welcome

Welcome to the new Jacksons' Back of House catalogue. This year marks a significant milestone for us as, for the first time ever, we have divided our portfolio into two distinct sections to match the operations in any hospitality business – Back of House and Front of House. This Back of House catalogue covers the products required to keep an efficient, hygienic and industry-leading hospitality business operating to maximum effect. Later in 2024 we will release our Front of House catalogue which will include more customer facing items such as glassware, crockery, barware and tableware.

Jacksons are your ultimate one-stop-shop, catering for both the heart and soul of your establishment. Whether you are enhancing the efficiency of your kitchen behind the scenes or elevating the aesthetics of your front-facing spaced we've got you covered. Not only does this reduce time dealing with multiple suppliers, it reduces your carbon footprint, a challenge we are all faced with and are all tackling.

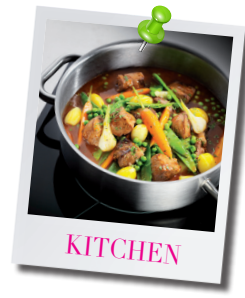

What makes Jacksons different from other suppliers is our focus on customer service. We have a Sales Support team ready to talk to you to discuss your queries and a Field Sales Team who would be happy to meet with you to discuss your needs and to advise you on the most appropriate products which will provide solutions to your requirements and budget.

CHEMICALS

JANITORIAL

WORKWEAR

We take pride in a collection that not only meets but exceeds your expectations. We have carefully curated this catalogue to showcase our best-selling items, ensuring that you have quick access to the products our customer love the most. However, Jacksons list over 40,000 products so if you're seeking a broader spectrum of choices please contact our sales teams or visit our website which covers the complete Jacksons experience.

Visit us at [www.jacksonscg.co.uk](http://www.jacksonscg.co.uk)

It's essential to note that the pricing in this catalogue, unless explicitly stated otherwise, only reflect the list price. By opening an account with us, you will unlock many benefits. Our valued customers with accounts receive favourable discounts and special pricing, making your shopping experience with Jacksons even more rewarding. Please do reach out to our Sales teams to set up an account.

Call us 020 8391 5555  
Email us at [sales@jacksonscg.co.uk](mailto:sales@jacksonscg.co.uk)

Jacksons is not just about its products it's about creating a partnership that brings you both value and satisfaction. We strive to be more than just suppliers, we are your business partners.

Thank you for choosing Jacksons - where quality meets affordability, and your satisfaction is our top priority.

Phil Mitchell

# Service & Delivery

## About Us

Jacksons has been a family run business for over 75 years and passed through 3 generations, developing and growing along the way. The family culture in the business has always been evident and in 2022, the Directors of Jacksons carried out the transfer of ownership of the company to their loyal and committed employees, leaving a positive legacy. An Employee Ownership Trust (EOT) allows the staff at Jacksons to benefit from the long-term success of the business, delivered by their hard work and commitment.

We have over 2,500 active customers from QSR to Michelin star restaurants, and everything in between. We own our own fleet of vehicles and deliver across the country 5 days a week, with London and the Home Counties as our heartland.

Our vision is "to provide premium customer service for the hospitality sector through people with dedication, products that delight and business partnering which inspires trust".

Our company values are –

**We Care** – Our customers and our environment are at the heart of everything we do. We understand our customers needs and concerns, and we genuinely care about their satisfaction. We go above and beyond to provide exceptional customer service, responding promptly and accurately to their requests. We are committed to reducing our carbon footprint and offering sustainable solutions to our customer. What we do, we do with excellence because we care.

**We Build** - We are committed to continuous improvement. We challenge the status quo and seek innovative ways to do things better. We believe in building our teams by supporting their growth and sharing our knowledge and expertise.

**We Collaborate** - We believe in the power of honest teamwork. Within our organisation, we work together with integrity as a cohesive and supportive team. Externally, we work to build meaningful partnerships with our customers and suppliers as we believe this is the pathway to mutual success. We are committed to delivering solutions that benefit everyone involved.

With an engaged team, an industry-leading portfolio of products across all categories, and a focus on customer care, we feel we are best placed to help you with all your requirements.

## Online & Social Media

Use our website for ideas for your new restaurant, bar or kitchen; refurb or new menu. You can find us at

[www.jacksonscg.co.uk](http://www.jacksonscg.co.uk)

Follow us on social media for regular updates about new lines, trends and special offers.

## How To Order

Speak to one of our sales team Call 020 8391 5555 Email: [sales@jacksonscg.co.uk](mailto:sales@jacksonscg.co.uk)

Business hours are Monday to Friday 9am to 5pm. If you are calling outside of these hours, you can leave a message, ensuring you leave a contact name & number should we need to return your call. Orders will be processed the next working day. All orders under £50.00 excluding VAT will incur a £5.99 delivery charge. We carry high stock levels of popular items and show throughout the catalogue items that are kept in stock, and lead times on non-stocked items. Please note, if a new line increases popularity, it will become a stocked line, so these notes are subject to change.

## Pricing

All list prices quoted in our catalogue are exclusive of the current rate of VAT and are correct at the time of going to print. **These may be subject to change/manufacture**

**price review at any time.** List prices can be discounted so please contact us for your special pricing.

Some items are offered at a Special Net Price excluding VAT and these prices may be reviewed if required.

## Payment

To open an account with Jacksons, please contact us and we will send you an account application form. Your account will be opened in 5 days, subject to satisfactory credit checks and references. For immediate purchase, payment can be made by Switch, Visa, or Mastercard at the time of ordering.

## Deliveries

Orders placed before 2pm will be delivered the next day, subject to product availability, vehicle capacity and geographical area. Orders received after 2pm will be delivered within 48 hours based on the same criteria. Any item(s) not received or damaged must be reported within **24 hours** of delivery or no further claim can be made. If a direct delivery is made from the manufacturer you must check the delivery on receipt and again inform us within **24 hours** of any issues.

## To Return An Item(s)

If you would like to exchange or return a stocked product we have supplied to you, please call our sales office within 28 working days of receiving the goods. All goods must be returned to us in the original packaging and in the same condition received.

The return of non-stocked items may be subject to a restocking and transportation back to the supplier fee. A non-stocked item can be identified on each page in the lead time column. Some items which are bespoke, non-stocked or ordered from Europe are non-returnable. Our sales team will advise you to which products this applies to. Our sales team will be happy to organise for a driver to collect your item(s), or if outside our delivery area you will need to return the item(s) at your own cost

## Where Are We?

Why not visit our showroom? The showroom contains a comprehensive range of products that are featured throughout this catalogue. Ideal to visit if you are setting up a new site. We can have a salesperson on site to assist you with making the right choices.

Chessington is 35 minutes from Central London by car, close to Surbiton and easy accessible by train with Chessington South station just over a mile away and Surbiton just over 2 miles away. A fast train from Waterloo takes only 15 minutes. We will happily collect you from the station.

Our showroom is open from 9am to 5pm Monday to Friday. Please call in advance as it is available by appointment only.

## Customer Satisfaction

If you should feel that you have not received an excellent service, then please call us so that we can address your concerns.

Welcome to the Janitorial Essentials section, where cleanliness meets efficiency! Jacksons understand that equipping yourself with the right tools is essential for achieving optimal results.

Emphasising the importance of daily cleaning routines, we present a range of top quality janitorial items that are indispensable for maintaining cleanliness and minimising the risk of contamination.

One key feature of our collection is the implementation of colour coded items. We recognise the criteria role that colour coding plays in prevent cross contamination.

## COSHH

An essential part of the COSHH legislation is the provision of information, instruction and training for employees and others who might be exposed to harmful substances at work.

Although Jacksons cannot assume the legal responsibility of the employer with regard to compliance with COSHH, we are able to support our customers through the provision of relevant information, advice and training in the safe use of our products.

Our training and support packages are designed to dispel the myths surrounding the use of cleaning and hygiene chemicals by making things as easy as possible to understand. Through a combination of in-house, online training and practical hands on demonstration in the workplace customers gain the knowledge and skills required to gain maximum benefits.

For all attendees, training records are completed for inclusion in staff personnel files and in addition training certificates are available on request. Safety Data Sheets are available for all our products, supported by clear product labelling, Product Guidance Sheets and wall charts.

## Your Guide to COSHH

CONTROL OF SUBSTANCES HAZARDOUS TO HEALTH

CLASSIFICATION	NEW SYMBOL	OLD SYMBOL	SAFETY INFORMATION
CORROSIVE TO SKIN OR METAL			Wear eye and face protection and follow advice on Material Safety Data Sheet regarding protective clothing. If in eyes rinse copiously with water for several minutes. Seek immediate medical advice. If on skin wash immediately with plenty of water. Remove all contaminated clothing.
CAUSES SERIOUS EYE DAMAGE			Wear eye protection. If in eyes rinse copiously with water for several minutes. Seek immediate medical advice.
ENVIRONMENTAL TOXICITY			Avoid release to the environment in the real form. Consult environmental section on MSDS.
FLAMMABLE			Do not smoke. Avoid sources of ignition.
HARMFUL			Wash with water. If swallowed drink plenty of water.

Under COSHH or the Control of Substances Hazardous to Health Regulations, all persons at work need to know the safety precautions to take so as not to endanger themselves or others through exposure to substances hazardous to health.

Here are the general classifications of risk - know the appropriate symbols, their meaning and their safety precautions.

### Safety Guidelines to follow under COSHH

- Always read the label and follow all the instructions.
- Always use the protective clothing provided.
- Do not mix chemicals. Mixing chemicals can kill.
- Never put chemicals into unmarked containers.
- Never put chemicals into bottles or containers which have other uses, in eating and drinking.
- Be sure you know the first aid treatment required if you accidentally spill chemicals on yourself or others.
- Store all chemicals safely in secure containers.

# Concentrated Chemicals

NEW

The Mixxit System allows for concentrated chemicals to be diluted at point of use. Unlike conventional systems, Mixxit requires no water connections, plumbing or electrical supply.

The diverse range of Mixxit products make it a complete cleaning solution that is cost effective and so easy to use. The simple dispensing method means you'll have a consistent cleaning solution every time.

#### Set Dosages

Product is dispensed one shot at a time to prevent over-use

#### Easy to Use

Just add water and a measured shot

#### Safety in Use

The system is available with a fully lockable cabinet mounted on the wall for safety.

## Swing Plus Mandolin

This professional and robust Swing Plus mandolin is made of s/steel & black polymer. Compact and easy to handle with double horizontal blade (straight and serrated) and double julienne blade (4 and 10mm). A new adjustment system allows to easily regulate the thickness of the cut up to 10mm. Features an ergonomic pusher and slider for maximum safety & anti-slip legs. Possible cuts: smooth or crinkle rounds, julienne cuts, waffle cut.

de Buyer  
DEPUIS 1830

- Special set of serrated blades for a quick and clean cut of ripe tomatoes or citrus fruits without crushing the product
- The horizontal cut prevents juice loss
- The legs are fitted with suction cups for good grip on the worktop when in use
- Complete safety: the hand is protected from the blades
- For 10 slices, 5.5 mm thickness

Exopan fine steel combines the quality of cooking in tinplate with the conveniences of non-stick and an enamel outside adds protection for longevity. To clean, simply wipe clean inside and out. Each Exopan steel piece features a rolled-edge design around copper wire for the ultimate heat distribution. With Exopan fine steel, you'll get a quality piece that's built to last.

# Camwear® Gastronorms

Store, transport and serve all in one pan. Virtually unbreakable Camwear® polycarbonate pans will not crack, bend or dent. They will keep your contents as cold as s/steel pans. These pans are able to withstand temperatures from -40°C to 99°C. The non-stick smooth interior surface increases yields and promotes easy cleaning. Stack neatly, without wedging or sticking.

**CAMBRO**  
TRUSTED FOR GENERATIONS™

# S/Steel Gastronorms

Providing heat retention and ensuring your food is kept fresher for longer. Two options are available depending on your budget, GenWare economy: excellent quality made from durable stainless steel and Bourgeat Excellence: the only range made in France in line with the quality standards of the Bourgeat brand. Both able to withstand the demands of any busy commercial kitchen.

# Warewashing & Handling

## Wash, Transport & Store All-in-1

The unique closed-wall Camrack® system of glass racks can wash, transport and store glassware in one system. All Camrack® glass racks are stackable, durable and available in various sizes to fit all types of glassware. Use a Camcover to cover and protect Camracks® filled with clean glassware. The different colour base options allow for easy identification of stored glasses without the need to uncover them, making this a very sanitary system and eliminating the use of messy plastic wrap or vinyl covers. The Camdolly is available with or without a handle for ease of transportation and to reduce employee lifting and carrying, reducing possible injury.

- Extremely durable plastic will not dent, crack, rust or corrode
- Heavy-duty castors manoeuvre easily over different types of terrain
- Ideal for caterers, hotels, resorts and catering equipment rental companies
- Stackable to a maximum of 7 high

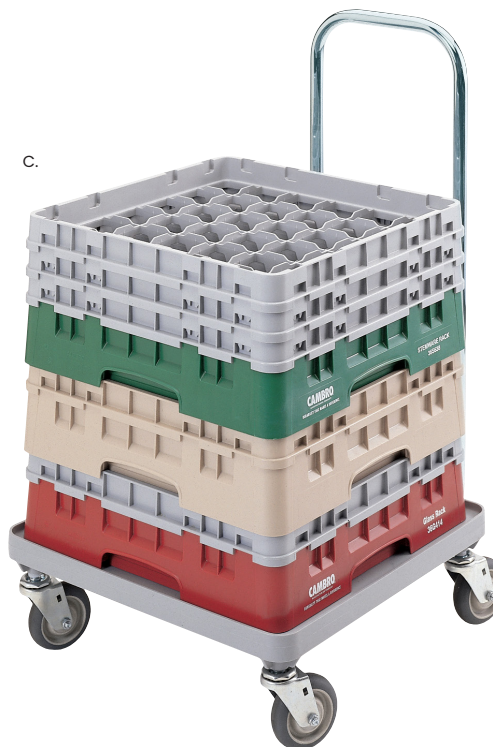

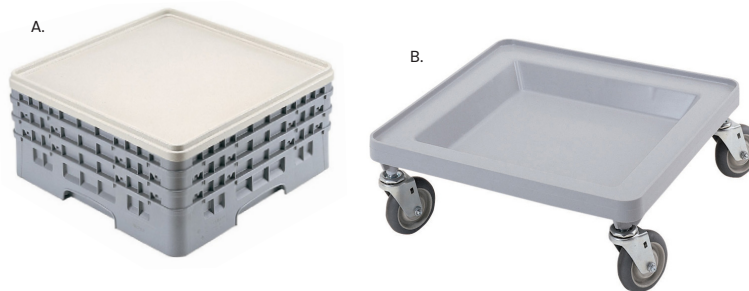

## Colour Codes

BLACK (110)	BEIGE (184)
GREEN	NAVY
RED	CRANBERRY
GREY (151)	TEAL
BLUE (168)	BROWN

### Choosing The Correct Rack

1. Measure the maximum diameter of your glass to determine the number of compartments
2. Measure the maximum height of your glass to the top edge of the rim to determine the compartment height
3. Leave the rest to us and we will determine the correct rack for your glassware

Ref	Code	Description	Each	Lead
A	09.029.1551	Camcover for Camrack	£51.17	5
B	09.029.1550	Camdolly for Camrack no Handle	£213.20	STK
C	09.029.1552	Camdolly for Camrack with Handle	£317.20	5

# Till Rolls

## Which Roll ?

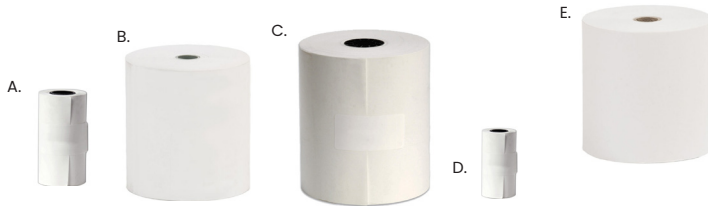

### Till Rolls Measuring Guide

Use the circles on the guide to find the diameter of your till roll.

## Stocked Rolls

### For PDQ & Chip & Pin Machines

Code	Description	Case	Case Qty
A 16.203.0010	57x40mm Thermal Roll	£8.88	20
B 16.203.0011	80x76mm Thermal Receipt Printers	£33.91	20
C 16.203.0016	80x80mm Carbonless Thermal Roll	£34.54	20
D 16.203.0014	57x30mm Thermal Portable Chip/Pin Machine Roll	£6.88	20

### For Kitchen Printers

Code	Description	Case	Case Qty
E 16.203.0012	76x76mm Bonded 1ply Roll	£16.68	20
F 16.203.0013	76x76mm Carbonless 2ply Till Roll	£29.15	20
G 16.203.0015	70x80mm Carbonless 3ply Roll	£32.77	20

## Determine Which Roll is Needed

- Identify the paper type - 1ply bond, 2 or 3ply carbonless, thermal.
- Holding a roll horizontally use the standard bars on the table to measure the width of the paper to identify the size.
- Use the circles on the guide to find the diameter of the roll.

## Require a Roll?

Hold the till roll horizontally on the table below to measure the width of the paper and identify the roll size.

Code	Description (DxW)	Rolls/Case
<b>One Ply Bond - White</b>

Rubbermaid

Safely collect waste with touch free closed lid containers.

# Shelfspan Shelving

The ultimate multi purpose shelving system... quick and easy bolt-free assembly, strong, robust and modern design with a 300kg shelf capacity.

## Eclipse

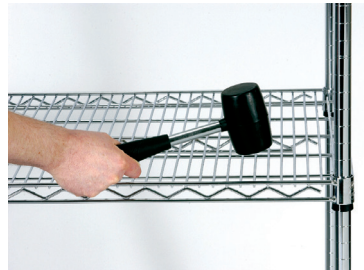

1. Snap the plastic collar onto any groove on the post and it locks into position. Fully adjustable every 25mm

## Easy Assembly

2. Slide the chosen shelf design or accessory over the post until it rests over the plastic collar

## Easy as 1 2 3...

3. To complete the operation tap the shelf or accessory corners down with a soft faced rubber mallet

### Mobile

A wide range of castors can be fitted

### Adjustable Feet

For rack alignment and stability

### Base Plate

For resecuring racks to floor

## Can we help?

We can arrange for a site survey to be carried out if required to establish the best layout for the area you wish to rack. Installation can be done by yourselves or for a small charge fitted by the manufacturer.

These items are sent direct from the manufacturer and a small carriage charge applies. Please ask one of the sales team for more information. Lead time 5 days.

# Shelfspan Shelving

## Perma Plus... The “Use Anywhere” Shelving System

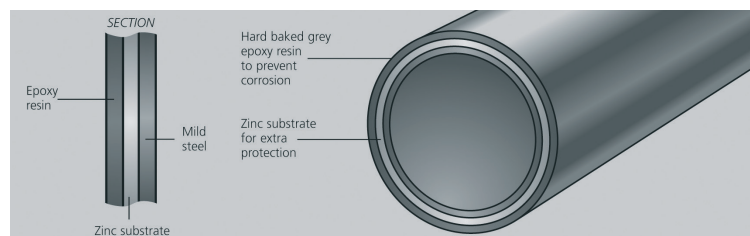

A revolutionary shelving system with anti bacterial coating which fights the build up of bacteria for up to 10 years. The finish is applied to both shelves and posts for all round protection, up to 5 times longer than nylon coated shelving. It is 60% less expensive than stainless steel or aluminium.

- Ideal for cold rooms or walk in freezers
- Silver grey finish
- Ten year anti-corrosion guarantee

\* 4 Tier starter – 4 Shelves, 2 Posts 1625mm high  
\*\* 4 Tier add on – 4 Shelves, 2 Posts, 8 Add on clips

Add swivel castors for mobility available in 75, 100 and 120mm. Braked & unbraked options.

**FIFO**  
FIRST IN, FIRST OUT  
STOCK ROTATION SYSTEM

IN → → → → → OUT  
New stock replaces the empty spaces. Oldest stock items are taken out.

27.182.5101 200x300mm  
£4.37

**FIFO Checklist**  
FIFO stands for First-In, First-Out

It ensures that food with the nearest best before or use by date is used first.

**How to use FIFO**

1. Check products for damage or deterioration.
2. If a product isn't put out, rotate stock in date.
3. Make sure goods are rotated up.
4. Don't overload refrigerators.
5. Label rotated food with a best before or use by date.

**FIFO TIPS**

- Check products for damage or deterioration.
- If a product isn't put out, rotate stock in date.
- Make sure goods are rotated up.
- Don't overload refrigerators.
- Label rotated food with a best before or use by date.

# Food Allergy Notices

S/A - Gloss finish self adhesive vinyl.

Restaurants and food outlets are required to provide details of all possible allergens that are contained within the menu items served. The details of the recognised allergens must be clearly marked in a visible place so that employees of the establishment can provide correct information to consumers.

## 14 ALLERGENS coming to a food label near you

The key allergens are labelled on your product label in a changing because of new regulations. The Food Information Regulations, which require you to label 14 allergens, are now required to be clearly marked on your product label. The following table provides information about the allergens you need to label on your food label.

There are 14 major allergens which need to be mentioned either on a label or through provided information such as menu cards. They are listed in the table below. Some are also listed in the table below as they are also listed in the table below.

<b>Celery / Celery Seed</b> Celery seed is used in many products, including bread, cakes, biscuits, and confectionery. It is also used in some medicines.	<b>Cereals containing Gluten</b> Wheat, barley, rye, oats, and their hybrid strains. These are found in bread, pasta, cereals, and many other products.
<b>Eggs</b> Eggs are found in many products, including cakes, biscuits, and confectionery. They are also used in some medicines.	<b>Lupin</b> Lupin is found in some products, including bread, cakes, biscuits, and confectionery. It is also used in some medicines.
<b>Fish</b> Fish is found in many products, including fish and fish products, and some medicines.	<b>Milk</b> Milk is found in many products, including bread, cakes, biscuits, and confectionery. It is also used in some medicines.
<b>Mustard</b> Mustard is found in many products, including bread, cakes, biscuits, and confectionery. It is also used in some medicines.	<b>Nuts</b> Nuts are found in many products, including bread, cakes, biscuits, and confectionery. They are also used in some medicines.
<b>Peanuts</b> Peanuts are found in many products, including bread, cakes, biscuits, and confectionery. They are also used in some medicines.	<b>Sesame Seeds</b> Sesame seeds are found in many products, including bread, cakes, biscuits, and confectionery. They are also used in some medicines.
<b>Soya</b> Soya is found in many products, including bread, cakes, biscuits, and confectionery. It is also used in some medicines.	<b>Sulphur Dioxide (Sulphites)</b> Sulphur dioxide is found in many products, including bread, cakes, biscuits, and confectionery. It is also used in some medicines.

IMPORTANT NOTICE TO STAFF  
**COSHH Regulation Notice**

Under COSHH or the Control of Substances Hazardous to Health Regulations 1988, all persons at work need to know the safety precautions to take. It is vital to understand the meaning of the symbols and the safety precautions to take. Below are four general classifications of risk:

Meaning	Safety Precautions
<b>Toxic / Very Toxic</b> May cause serious health damage if inhaled, swallowed or absorbed through the skin.	1. Wear suitable protective clothing, gloves and eye/face protection. Wash immediately with plenty of water. 2. Do not eat, drink or smoke. 3. Do not get product on your face, hair or clothing. 4. Do not use if pregnant or if you have had a miscarriage or are breastfeeding.
<b>Corrosive</b> May cause severe irritation or burns.	1. Wear suitable gloves and eye/face protection. 2. Take off immediately if you experience irritation, pain or burning of your skin or eyes. Wash immediately with plenty of water. 4. Do not use if pregnant or if you have had a miscarriage or are breastfeeding.
<b>Harmful</b> May cause irritation to the respiratory system, eyes or skin.	1. Do not breathe vapour/spray/dust. 2. Avoid contact with skin. 3. Wash thoroughly before you eat, drink or smoke. 4. Do not use if pregnant or if you have had a miscarriage or are breastfeeding.
<b>Irritant</b> May cause irritation to the respiratory system, eyes or skin.	1. Do not breathe vapour/spray/dust. 2. Avoid contact with skin. 3. Wash thoroughly before you eat, drink or smoke. 4. Do not use if pregnant or if you have had a miscarriage or are breastfeeding.

### Health & Safety Law Poster

Health and Safety Law  
*What you need to know*

All workers have a right to work in places where risks to their health and safety are properly controlled. Health and safety is about stopping you getting hurt at work or ill through work. Your employer is responsible for health and safety, but you must help.

What employers must do for you

1. Provide information, instruction, training and supervision.
2. Provide a safe working environment and safe systems of work.
3. Provide a safe and sound working environment.
4. Provide a safe and sound working environment.
5. Provide a safe and sound working environment.

What you must do

1. Take care for your own health and safety and that of others who may be affected by your actions.
2. Co-operate with your employer or supervisor.
3. Report any accidents, injuries or dangerous situations to your employer or supervisor.

If there's a problem

1. Report any accidents, injuries or dangerous situations to your employer or supervisor.
2. Report any accidents, injuries or dangerous situations to your employer or supervisor.
3. Report any accidents, injuries or dangerous situations to your employer or supervisor.

0845 345 0055  
www.hse.gov.uk

The safety of workers is the responsibility of employers and employees. Employers have a legal duty to protect the health and safety of their employees. Employees have a legal duty to take care for their own health and safety and that of others who may be affected by their actions.

# Microwaves

## Microsave Cavity Liners

**NEW**

**SPECIAL PRICE**

All products on this page are shown as a special nett price, therefore your normal discount will not apply on these items.

Every year businesses waste thousands of pounds paying for unavoidable repairs on their microwave ovens. Unless the oven is spotless, the food or liquid that is left behind is heated and re-heated until it causes damage. Damage that is not covered by the manufacturers warranty!

Microsave is the answer. A TPX liner custom designed for each oven, the Microsave protects the base, rear, sides and roof of the microwave. The Microsave simply slides inside the cavity and is easy removed and washed.

- Keeps your microwave clean and working
- Keeps your operational expenses down
- Keeps your staff happy (nobody wants the job of cleaning the microwave!)

Available on selected models. To find out more on [www.microsave.co.uk](http://www.microsave.co.uk)

# Clifton Water Baths

Accurate temperature control for perfect slow cooking Clifton Food Range offers water baths for sous vide and low temperature cooking. This cutting edge equipment is developed and manufactured by Nickel-Electro Ltd in the UK. The expertise in producing technology which guarantees accurate temperature control is available for use in professional kitchens. More and more leading chefs worldwide have adopted the slow cooking approach by vacuum packing food products then poaching in a Clifton Food Range water bath.

## COOKING DEMOS ARE BACK!

Book a demo - Regular presentations held throughout our comprehensive network of demo kitchens are an easy way for you to discover the quality, range of applications, economic efficiency and ease of operations.

Free and no obligation to buy. Please speak to one of the sales team for more information.

### Intuitive operating concept

The new operating concept runs through the production process with visual language, logical work steps and interactive instructions. So that everyone can work error free from the start.

### Cooking intelligence

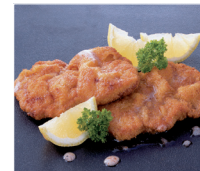

The iCooking Suite knows the way to your desired cooking result and produces it time and time again. All by itself. According to your recipe. In excellent quality. This is freedom, this is flexibility.

### Efficient food production

The iProductionManager plans production processes and indicates which foods are best cooked together. Streamlines processes, saves time and energy.

### ENERGY STAR Partner

The key value is energy-efficiency. This is why the iCombi Pro has been tested by the strictest certification programme.

### ConnectedCooking

Make you kitchen faster, easier, safer.

Maximise the potential of your RATIONAL cooking systems with ConnectedCooking, our digital kitchen management solution: Roll out cooking programmes, update system software and record HACCP data. To make everything easier.

No matter where your cooking systems are.

Price stated is for unit only and includes curbside delivery. Unpacking, installation and positioning is available at an additional cost as is removal of existing equipment if required. A chargeable site survey is required to assess installation requirements. Please speak to one of the sales team for more information.

## Bespoke Service & Personalisation

There's no simpler or more cost effective way to promote your company brand than on the uniforms of your workforce. By adding your company logo, promotional slogan, job roles or names to their garments, you are exposing your brand to each and every customer with which your team come into contact.

Our suppliers use state-of-the-art embroidery machines and class-leading industrial software to enable them to produce any quantity. All of the embroidery is done in-house under quality supervision enabling the highest standards and most efficient output.

We can embroider any logo! Supply us with your logo in JPEG or PDF files and we will happily quote to create the embroidery file and the price to embroider per garment. A digital version of how the embroidery will look is free of charge and once the embroidery file is set up we can provide an embroidered sample.

There is a one off initial set up charge, depending on colours and number of stitches. Please contact us to find out the exact cost. We keep any existing logos in the database so you can order and again and again.

We offer embroidery on many of our garments – please look out for our embroidery logo. Embroidered items have a lead time of approx 10-14 days.

## How to Measure

It is vital both for comfort and a professional look that clothes fit properly. Please follow the simple guidelines below when choosing your garments.

Do not measure over clothing when measuring the body

Check whether the garment for which you are measuring is sized in inches or centimetres

Use the same unit of measurement when measuring and placing your order

For greater accuracy, ask someone else to measure you

Take the measurement from the fullest part of your body

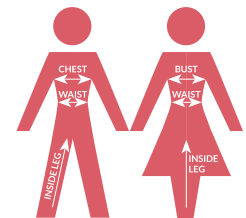

Do not pull the tape too tight. Choose the length of your item of clothing from an existing garment in your wardrobe.

## Where to Measure

**Bust or Chest:** Measure over the fullest part of the chest, under the arms and straight across the back

**Waist:** Measure around the natural waistline, with the tape snug but not tight

**Inside Leg:** Measure from the top of the inside leg at the crotch to the hem

## Care Instructions

Always refer to the care label inside your garments in order to get the best out of it. We recommend that you wash before its first use, at 30 degrees on a short programme with a small amount of washing detergent, choosing an anti-wrinkle programme if possible. Wash coloured garments separately.

Always read the label

**Company means "Jacksons Clear Glass Ltd" a company incorporated in England and Wales (registered no. 00393759), and whose registered office is at Catering House, Cox Lane, Chessington, Surrey KT9 1SG. 'Goods' means items we agree to supply to you our customers. 'Quotation' means our quotation for the supply of Goods provided to you under the terms of these conditions. 'Price' means the price for the Goods excluding costs of delivery, packing, insurance & VAT (unless otherwise stated). "Special Items/Non-Stocked lines (Manual)" means goods ordered tailored to customer's specific request or goods not normally stocked by the company. The Customer means the "buyer". These terms of business constitute the entire contact between the company and the customer. No party has relied on any representation or promise except as expressly set out in this contract. The Terms of Business herein will not affect the Customers Statutory Rights. No alterations of these terms of business are valid unless confirmed in writing and signed on behalf of the Company or by a Manager of the Company. Any Terms and Conditions supplied, or referred to by the Customer shall have no effect on this contract.**

1. Quotations are valid for (14) days unless otherwise stated in the quotation. Prices of goods quoted are those current at the time and the Company reserves the right to increase the price should additional information come to light or found to be necessary due to material change of goods or if the price to the Company increases in the period between preparing and completing the work. Installation costs provided on quote is an estimate based on inspection. Costs may vary at the time of fitting.

2. The Price excludes VAT (unless otherwise stated). VAT will be charged at the rate applying at the time of delivery. Any samples provided by the Company will be chargeable at current prices unless agreed in writing prior to despatch. The company reserves the right to increase prices time to time due to (increase material, labour or transport costs or fluctuations in exchange rates or otherwise) without the prior written agreement. Our VAT Number: 792428403

3. An order or instruction which has been accepted by the company may be cancelled by the customer only with the agreement of the Company. The customer will pay the Company for all cost, charges or expenses incurred by the company up until to and as a result of the cancellation. A cancellation can only be accepted by the Company when all sums due have been paid.

4. Trading terms of each customer is stated on their invoice. Company's normal trading terms for Customers with established credit account will be 30 days plus end of month. Customer may be required to pay by credit card/chaps/bacs prior to delivery unless you have an established credit account with sufficient credit available, or if you have an approved credit account and the agreed limit is exceeded. If goods are part delivered the Company may invoice each part delivery thereof has been made and payment will be due as stated on the terms of the invoice. All goods remain the property of Jacksons Clear Glass Limited until paid for in full. We reserve the right to charge 2% per month and costs on any amount outside our trading terms.

5. The Customer shall not be entitled to resell or reproduce any goods information or trade secrets shall consist of, but not necessarily be limited to: technical, commercial, financial, operational, marketing or promotional information. Proprietary data shall consist of, but not necessarily be limited to: customer lists, pricing data, sources of supply, financial, production or marketing

data or merchandising systems and plans. The Customer shall indemnify the Company against any costs, claim, loss expense and damage arising due to infringement of the above or trademarks, copyrights, design right or other intellectual property right.

6. All delivery times quoted are estimates only. Unless otherwise requested, stocked items will be delivered, and all back-ordered items will be delivered as available. Unless specifically quoted delivery charges may apply and added to the invoice. All goods remain the property of Jacksons Clear Glass Limited until paid for in full. The Company will endeavour to supply goods by the date requested but cannot accept responsibility for any delay resulting from any causes beyond the Company's control (including the non-delivery or late availability of goods). Any liabilities for additional costs or inconveniences resulting from such delays are not the responsibility of the company.

7. All authorised returns will be issued with customer returns note. Returns will not be accepted without an authorised customer returns note raised by the Company. All authorised returns will only be accepted for credit in accordance with the original order and returned in the original packing. Special Items or Non-stock items (manual lines) may carry an uplift charge should you wish to return item(s), if not required. The uplift charge varies but is normally c.25% of the price of the goods plus applicable transport costs for the goods to be returned to the manufacturer shall be paid by the Customer.

8. The Company warrants all goods supplied are in accordance with the statutory rights at the time of supply. Company give no other warranty (and exclude any warranty, term or condition that would otherwise be implied) as to the quality of the Goods or their fitness for any purpose to the fullest extent permitted by law. Company cannot guarantee to be compliant with weights and measures regulations as they are sourced from third party unless item supplied is UKCA marked. Any claims for damaged, missing or defective item(s) must be reported within 24 hours of receipt or no further claim can be made. The Company will either replace or repair or refund the full purchase price of the goods of any valid claims. Thereafter, the Company shall have no further liability to the Customer. Where goods are part delivered any defect in part delivery shall not constitute for cancellation of the remainder of the part delivery and customer is bound to accept delivery thereof.

9. The Company shall not under any circumstances be liable for any damages, compensation, costs, expenses, losses or other liabilities whether direct or consequential, and any other remedy arising out of any statutory duty calculated reference to profits or tortious act or omissions or any breach of contract or claims or damages.

10. Company may cancel or suspend order to the Customer by notice in writing due to distress or fail to pay us any money when due or breach of any of its obligations under the Contract or becoming subject to an administrative order or a Statutory Demand or in the case of an individual, partnership or firm becoming bankrupt or in the case of a company going into administration or liquidation you are likely to cease trading we reasonably believe that any of the above is about to happen and notify you accordingly suffer any similar or analogous action as above in consequence of debt.

11. The aggregate liability of the company, including breach of contract not referred to elsewhere in these terms our liability is limited in damages to the Price of the Goods.

12. Force majeure - If Company is unable to perform its obligations to Customer (or able to perform them only at unreasonable cost) because of circumstances beyond its control, Company may cancel or suspend any of its obligations to customer, without liability. Examples of those circumstances include act of God, accident, explosion, war, terrorism, fire, flood, transport delays, strikes and other industrial disputes and difficulty in obtaining supplies.
